ERGOCHIEF Finds Active Work Helps Mind as Well as Body

Photography: Owen Raggett

Sivantos Headquarters – Singapore

PLH Arkitekter and Geyer Design have collaborated to design the headquarters for Sivantos, a Singapore-based company specializing in the manufacturing of hearing aids.

Sivantos Singapore HQ is a collaboration between Danish architecture practice PLH as the concept designer, and local interior design company Geyer for design development and delivery. Leading hearing aid company Sivantos relocated its global headquarters, representing a critical moment to change culture and establish a renewed image and identity. A core outcome was the creation of a collaboration culture with opportunities for informal working and knowledge sharing.
